Aspiring Web Developer and B.Tech CSE (AI)
student with a strong foundation in HTML, CSS,
and basic programming. Looking for opportunities
to learn, grow, and contribute to projects while
enhancing my technical and problem-solving skills.

Education

○ Bachelor Of Technology

2019 - Present

Parul University, Vadodara

Currently pursuing B.Tech in Computer Science with specialization in
AI Learning Data Structures, Web Technologies, and AI fundamentals

Professional Skills

Frontend Development

Backend Development

UI/UX Design

Project Management

Professional Experience

○ Portfolio Page

2025 - 2026

- Created a personal portfolio website to showcase skills, projects, and contact information.

- Built responsive layouts using HTML and CSS with modern design principles.

- Organized sections including About, Skills, Resume, and Projects for better presentation.

- Deployed the website using GitHub Pages/Netlify and learned real-world hosting workflow.

○ Student Management System

2026 - Present

- Designed and developed a Student Management System using HTML, CSS, and basic JavaScript.

- Implemented features to add, view, and manage student records in a structured format.

- Focused on clean UI, responsive layout, and user-friendly navigation.

- Improved understanding of web structure, file organization, and deployment basics.
